PLEASE NOTE:

At various times during the cleaning, the water will be discolored due to the disturbance of naturally occurring minerals that have settled in the water mains.

The water is safe to drink however, due to discoloration, Groton Utilities advises customers to store tap water in the refrigerator for drinking and cooking until the water clears up. It is recommended that residents check the condition of the water prior to washing clothes, should the water be discolored, delay cleaning laundry until the water is clear.

Please note that the dates and areas may vary slightly due to severe weather or other emergencies that may affect scheduling. For updates and changes, please visit our web site at www.grotonutilities.com.
